

Advanced Tests on Scientific Calculator		
Test Scenarios	Expected Outcome	
	Pass	Fail
Check if the sin, cos, tan operational using the keys.		
Check if the log key is operational and works as expected.		
Check if the $x^2$ , $x^3$ , $y^{\sqrt{x}}$ , $3^{\sqrt{x}}$ , $ x $ , $10^x$ and $f(x)$ is operational and works as expected.		
Check if the log key is operational and works as expected.		
Check if the factorial key is working as expected.
